American-Made Photo Puzzles and Custom Playing Cards: Quick Turnaround Time and Multiple Options

US Manufacturer Since 1936 Opens New Division

Ontario, California – Finn Custom Prints is a new division of Finn Industries that manufactures personalized playing cards and photo jigsaw puzzles. Consumers and companies can visit www.finncustom.com to get help designing and producing personalized, American-made gifts and promotional items.

“The main benefit of buying from a US manufacturer is the quick turnaround time,” said Amy Finn, “Customers are encouraged to call us to request rush manufacturing and shipping.”

Finn Custom Prints offers playing cards in bridge and poker card sizes. Photo puzzles are available with numerous options in sizes ranging from 8”x 10” to 20”x 26” and from 9 pieces to 320 pieces.

Since 1936, Finn Industries has been manufacturing and printing folding cartons and luxury setup boxes for brands such as Proctor & Gamble, Mattel, Medtronic, Hickory Farms and Warner Brothers. Custom design, printing and production by a US manufacturer: <http://www.finnindustriesinc.com/>
